I understand that I can purchase no more than two (2) trees per tree-sharing season and that they must be planted at least 30 feet apart and no closer than 15 feet from the back of the curb into the front or side yard. They must not be placed under a power line. I also understand that the tree(s) come with a six-month, one-time replacement guarantee from the nursery, not the City of Grapevine, that can be voided if the tree(s) are not properly cared for and maintained by the homeowner. I realize that the homeowner is 100% responsible for all maintenance and care for the above specified and requested tree(s).

NOTE: I understand that neither the City nor the contractor planting the tree will be responsible for any irrigation damage related to this tree planting. It is the responsibility of the homeowner to locate trees away from underground utilities including sprinkler systems. In the event you have paid for trees to be planted and the trees cannot be planted for any reason, you will be reimbursed in full for the amount you paid.
