 - I. Softball players will be registered in the appropriate league based upon the player's age as of January 1.
 - J. Players shall not participate in more than one league at the same time.

DRAFT RULES RECREATIONAL LEAGUE

- A. Players will be selected by a draft process from Coach Pitch and above for both the Fall and Spring seasons.
- B. Each coach may protect up to four players. (The exception being teams participating in the American Division which is only allowed 3 protects). Coaches may protect players from the draft as long as written permission from the parents has been submitted to the commissioner prior to the coach look. (The exception is if a coach is recruited after the coach look, but before the draft. He may protect his allotment of players before the draft commences). If a coach's child is playing, then that child must count as one of the protected players. All siblings of protected players must be chosen before the coach can select any other players.
- C. All non-protected players wishing to be eligible for the draft **MUST** be registered and attend the coach look, with the following exceptions:
 - 1. PRIOR TO or AT Coach Look, the players, parent or guardian has notified the Commissioner of an illness, injury or family emergency that precluded that player from participating in Coach Look. If this occurs, the absent player may be eligible for the draft based on known skill level as determined by the Commissioner.
 - 2. PRIOR TO Coach Look, the player, parent or guardian has notified the Commissioner of an unavoidable and extenuating circumstance which prevents the player from participating in Coach Look. If this occurs, the absent player may be eligible for the draft based on known skill level as determined by the Commissioner.
- D. Anyone who does not attend the coach look and does not meet one of the two exceptions will be randomly assigned to a team. Any player that registers late will be placed on the team that had the next pick in the order in which they registered.
- E. Draft order for teams not participating in the American Division will be determined as follows:
 - 1. Teams that did not use their allotment of protects will pick first until they have the number of protects allowed. These teams will then automatically be given the last pick(s) of first round.
 - 2. Teams that had their full allotment of protects will then draw numbers from a hat to determine the draft order.
 - 3. At this point, the draft will resume beginning with number one. The draft will go from one to the last number and then the order shall be reversed for round two. Round three will begin with number one again and round four will go in reverse order. This process will continue until all the protected players, their siblings and all those who attended the coach look have been placed on a team. The remaining players that are registered that did not attend a coach look will then be randomly placed on a team.

AMERICAN DIVISION PROCESS

Balanced play in recreational leagues is the most desired situation. In the American Division, the more skilled players will play in one league more focused on competition and more advanced skill development, while the National Division will be more focused on skill development and learning for those becoming familiar with the game.

AMERICAN COACH SELECTION

Coaches for the American Division will be selected by the City taking into consideration the recommendation of the American division commissioner. All head coach candidates will be required to complete the normal background waiver forms in addition to a brief questionnaire. Each head coach candidate must notify the Commissioner of his or her Primary Assistant Coach.

AMERICAN DIVISION COACH LOOK AND PLAYER EVALUATIONS

- A. All players registered to play in the GBS leagues which has an American Division (subject to eligibility rules below) are eligible to try out. All players who attend the American Division tryout will be evaluated and scored by independent evaluators. In order to be considered for the American Division, players MUST tryout. All the scores for the players will be compiled into a composite score for each player. The players will be ranked based on their composite score to form a list of players eligible for the American Division.
- B. The "American Division consideration line" will be drawn to include 150-200% of the number of players who will actually be selected to American Division teams. Players above the consideration line will be "eligible" for the American Division draft. At the conclusion of the American Division draft, those players who were not selected will be placed into the National Division draft.
- C. Each Head Coach will be permitted 3 protected players ("protects"). These players shall include the Head Coaches child and his/her assistants' child.
- D. Based on the results of the coach look and the player ratings, league officials will establish groupings of players that would qualify as group 1, group 2, and group 3 in each age group (7U and 8U for Coach Pitch, 9U and 10U for Mustang, etc...). The process for grouping players will be as follows: group 1 and group 2 will consist of the number of potential "protects" per team times the number of teams. Group 3 will consist of all the players in that age group not in group 1 or 2.
 - a. For Example, there are 4 teams, which have two "protects" each. Therefore, group 1 and group 2 will be 8 players each; group 3 will be all other players.

DRAFT

- A. Draft position will be determined on a random draw. This position will be held the entire draft.
- B. The protected players for each Head Coach MUST be selected in the round that the player was classified. If a protected player is included in the first round grouping, the protected player must be the first selection for that age group. If a protected player is not included in the first round grouping, the protected player must be selected in the second or third round for the applicable age group in accordance with the player ratings and related groupings. All protected players must be selected no later than the third round for the player's age group. (If ratings for siblings are the same, selections of the siblings must be made in the next available round.) This is a departure from previous recreational draft rules that did not require a protected player to be picked in the draft process, thus allowing those teams with high-quality protected players to "stack" their teams with other high-quality players chosen early in the draft.
 - a. As an example, the Draft Rounds for 7U/8U will go as follows: Round 1 – Players from Group 1 for 8U can be selected.

- b. Round 2 – Players from Group 2 for 8U plus any player from group 1 not selected in round 1.
 - c. Round 3 – Players from Group 3 for 8U plus any player not previously selected from groups 1 & 2.
 - d. Round 4 – Players from Group 1 for 7U can be selected.
 - e. Round 5 – Players from Group 2 for 7U plus any player from group 1 not selected in round 4. Round 6 and on - Any player that is not selected previously that qualified for the American Division based on evaluations.
- C. The draft will start with the first position in the draft order making the first selection in odd numbered rounds. The last position in the draft will make the first selection in even numbered rounds. A team will not participate in a draft rounds in which a player is already been chosen through being protected. This procedure will continue until all players are selected. No team shall have fewer than two (2) players from the younger age group.
- D. Players selected on an American Division team will be final. No trading of players will be allowed.

AMERICAN DIVISION REQUIREMENTS

- A. All players wishing to play in the American Division MUST attend the coach look, including protected players with the following exceptions: (1) PRIOR TO or AT Coach Look, the players, parent or guardian has notified the Commissioner of an illness, injury or family emergency that precluded that player from participating in Coach Look. If this occurs, the absent player may be eligible for the American Division draft based on known skill level as determined by the Commissioner. (2) PRIOR TO Coach Look, the player, parent or guardian has notified the Commissioner of an unavoidable and extenuating circumstance which prevents the player from participating in Coach Look. If this occurs, the absent player may be eligible for the American Division draft based on known skill level as determined by the Commissioner.

Addendum attached to bylaws of Pitch Count Limits and Required Rest Recommendations by MLB Pitch Smart.

PITCH COUNT LIMITS AND REQUIRED REST RECOMMENDATIONS

It is important for each league to set workload limits for their pitchers to limit the likelihood of pitching with fatigue. Research has shown that pitch counts are the most accurate and effective means of doing so.

		0 Days	1 Days	2 Days	3 Days	4 Days	5 Days
7-8	50	1-20	21-35	36-50	N/A	N/A	N/A

BLASTBALL RULES

This is a non-competitive league solely for the enjoyment of the players. The purpose of Blastball is for the player to learn how to play the game. With this purpose in mind, all games will end in a tie.

- A. Each game will last for one (1) hour or until managers/coaches determine that everyone has lost interest; whichever comes first.
- B. Blastball uses all the bases so that the players learn the order and direction they should run.
- C. First base and third base lines are foul lines
- D. Dead ball line is ten (10) feet from home plate.
- E. Offensive team will bat the entire roster first. Once through the roster, half and inning will conclude and teams will switch sides. Three (3) outs do not constitute a half inning in Blastball.
- F. Batter uses a foam bat and hits a foam ball off a tee. A ball will be considered "fair" if it lands between first and third baselines, but past the 10 foot deadball line. Each batter will be allowed one (1) practice swing. Each player will be allowed to bat until he/she hit the ball. If the ball strikes the tee, it is considered a foul ball.
- G. Score is not kept and umpires will not be used.
- H. The "home" team will sit in the first base dugout. "Away" team will sit in the third base dugout.
- I. Team Formation - Blastball teams will be formed in the following order:
- J. Requests are attempted, but not guaranteed. All siblings will be placed together.
- K. By closest public school of family.
- L. Teams shall consist of not more than 8 nor less than 5 players.

T-BALL RULES

TEAM FORMATION:

- A. The American Division is for 5-year-olds and 6-year-olds who have advanced baseball skills (i.e. are attentive on the field of play, understand basic rules in fielding, hitting and base running, can perform these skills with consistency).
- B. The National Division will play all other 5-year-olds and 6-years-olds. All players will be learning and sharpening their skills while learning the value of being part of a team. Teams will be formed according to requests (attempted, but not guaranteed) and then by grouping players with others from their school. All siblings will be placed together.
- C. Teams shall consist of 10-14 players.

EQUIPMENT:

- A. The baseball shall be a "safety or reduced injury" type ball.
- B. Catchers are required to wear a catcher's mask with throat guard. The catcher must be behind the cut-off grass behind the plate during the at bat, but may advance to the plate upon play. Catchers may wear a regular fielder's glove.

FIELD OF PLAY

- A. The bases shall be placed 55 feet apart.
- B. A ten foot arc is to be inscribed in front of home plate. The ball must pass over the arc to be in play or it is a foul ball. (If the game is played on a grass field, the cut of the grass can be used instead of a chalk line)

RULES OF THE GAME

- A. Tight base rule is in effect and should be enforced. A base runner shall remain in contact with the base until the ball is hit. PENALTY: Runner is called out, ball is live.
- B. The ball cannot be purposely rolled to obtain an out. If the ball is rolled and the umpire calls the runner safe, he/she is awarded the next base. If ball is rolled and umpire calls the runner out, runner is awarded the base.
- C. The batting tee will be placed on top of home plate with the point of the tee touching the point of home plate. Players are encouraged to make their own height adjustments to the tee.
- D. There are no walks or strikeouts.
- E. The pitchers and outfielders must throw the ball in a force situation.
- F. No infield fly rule is in effect
- G. No bunting
- H. No courtesy runner allowed except in the case of an injury or sudden illness, in which case it would be the last recorded out.
- I. Starting roughly midway through the season (or as determined by the commissioner) we will begin a modified T-ball. Each player will begin to receive 3 pitches when they are at bat and then move to a tee if no hit has been put in play. On the third pitch, a player can foul off the ball and receive another pitch. No strikeouts will be given/recorded.

The umpire should call coach's interference if a coach fails to get out of the way of a fielder, or if the umpire determines a coach pitcher intentionally drops/misses a ball thrown to him or her by a fielder in order to allow base runners to advance. Any bases awarded or taken away will be at the umpire's discretion.
- D. A player attempting to reach the next base is considered "going" to the next base. If pitcher attempts to throw runner out, ball is considered live and base runners may continue as overthrow.
- E. Slap hitting and bunting are allowed only off the kid pitcher. Slash hitting (showing bunt, pulling back and then swinging) is never permitted.
- F. There is NO IN-FIELD FLY RULE
- G. No "Look Back" rule

Pitching:

- A. The coach pitcher will pitch the 1st, 2nd and 3rd innings and a kid pitcher will pitch the 4th and 5th innings. Any remaining innings will go back to coach pitch.
- B. During coach pitching, a batter gets up to 5 pitches to try to put the ball into play. A player is out after 3 strikes (physical swings of the bat) or after 5 pitches and the ball has not been put into play. There is no ball count kept.

- C. During the kid pitch innings, each batter receives pitches from a player/pitcher until she puts the ball in play, strikes out or receives three balls. After receiving three balls, the coach pitcher for the batting team enters and assumes the strike count. The coach pitcher may throw either 1, 2 or 3 pitches, depending on the strike count. If the coach pitcher assumes a strike count of more than zero strikes, the coach pitcher can throw only the number of pitches equal to the number of strikes remaining. The batter can put the ball in play, strike out, or fail to hit (i.e. not swing at the final pitch), at which time her at-bat is over and an out is recorded.
- D. A final pitch that is fouled off does not count toward the coach's pitch count and an additional pitch (or pitches) may be thrown. An exception to this would be if the catcher catches the foul tip on the third strike or the final coach pitcher pitch, in which case an out is recorded.
- E. There are no walks by either the coach or kid pitcher, but if a batter is hit by a kid pitcher, then the batter is awarded 1st base.
- F. Coaches must release the ball with both feet in the pitching circle. Player designated pitcher must be to the right or left of the coach pitcher with at least one foot in the circle.
- G. The coach pitcher must get off the field once the ball is put in play, there is no coaching from the pitchers circle (as in base coaching), as you are running off the field you can talk to the batter that has hit and tell her to run, go etc. There is no standing in the circle once the ball is put in play.
- H. Catcher must be on the field for every pitch. If umpire determines that a team is delaying game by slowing down getting a catcher on the field, the batter will be awarded first base. This is considered a judgment call. Last batted out may run for the catcher of record with 2 outs.
- I. If a batted ball should-hit the coach who is pitching, the ball is declared a "dead ball" and the pitch will be replayed. All runners must return to the base where they began. All defensive players (excluding the pitcher) shall be positioned outside of the pitching circle at their normal positions. The pitcher should be in a position on either side of the pitching coach (1st base side or 3rd base side) with at least one foot inside the pitching circle, and shall be no closer to home plate than the 27' line when the pitch is launched.
- J. No drop 3rd strike in effect

Coaches Responsibilities:

- A. Two defensive coaches will be allowed in the outfield only.
- B. Offensive coaches are to be in coach's boxes at first base and third base and, during coach pitch innings, within the pitching circle.

General

- A. A 5-run rule for each one-half inning will apply.
- B. All batters must wear helmets with face masks. Chin straps are encouraged but discretionary.
- C. The game is officially over once 6 innings have been played or time has expired.
- D. 75 minutes finish the inning for ALL games. No NEW inning will start after 75 minutes have been played. Once time has expired and it is determined that there is no way the losing team can score enough runs to tie or win the game within the inning they are playing, the

batter at the plate will finish her at bat and then the game is over.

- E. All players must be properly equipped and must have uniforms with numbers on the back.
- F. Line-up must be turned into score keeper before first pitch. NO EXCEPTIONS.
- G. All players must bat in order. Any deviations will be considered outs.

- C. Bases are set at 60'.
- D. Teams will use an 11" standard softball.
- E. No coach should be positioned behind the catcher.

- A. A Pitcher may only pitch 2 of the first 4 innings of each game. If a pitcher throws 1 pitch in the inning, it is considered an inning pitched.

Batting

- A. Dropped Third Strike Rule - NO DROP THIRD PLAYED!
- B. Each batter receives pitches from a player/pitcher until she puts the ball in play, strikes out or receives 4 balls. After receiving four balls, the coach/pitcher for the batting team enters and assumes the strike count. The coach/pitcher may throw up to a maximum of 3 pitches. If the coach/pitcher assumes a strike count of more than zero strikes, the coach/pitcher may still throw up to 3 pitches, assuming the batter chooses not to swing at one or more pitches. The batter can put the ball in play, strike out, or fail to hit (i.e. not swing at the final pitch) at which time she sits down and an out is recorded. A final pitch that is fouled off does not count toward the pitch count and an additional pitch or pitches may be thrown. An exception to this would be if the catcher catches the foul tip on the third strike or the final coach/pitcher pitch, in which case an out is recorded. [Note: If a coach/pitcher is hit with the batted ball, the ball is dead, and the pitch is replayed.]
- C. No bunting allowed off of coach pitcher.
- D. No slash hitting (showing bunt, pulling back and swinging) allowed off coach or kid pitcher.

Infield Fly Rule

- A. The traditional infield fly rule will be used in all 10U play in IFA / VTD. (See Section 10.17 on Infield Fly Rule)

- A. Lead offs are allowed after the ball leaves the pitcher's (coach or player) hand. Leaving early will result in an out. Runners with a lead must go back to the base when the ball is controlled in the circle. Runners may lead off on a coach pitch but may not steal.
- B. Stealing of 2B and 3B is allowed (one base at a time) only upon the ball leaving the hand of the player/pitcher. (On a non-batted ball and runners on 1st or 1st & 2nd, if a throw is made to a base where the lead runner is leading off, the runner is free to advance on a steal to the next base. (If runners are on 1st and 3rd, and a throw goes to first base, only

the runner on first may steal.) If a catcher throws to the base that a runner would reach next, no steal may occur by any runner and the ball is ruled dead. If a catcher/fielder runs at the runner, the runner must go back towards the base from which she came and can be tagged out. Only if a throw is made towards the base from which the runner came from, may a steal occur.] No steals on coach pitches. No running on an overthrow from a steal. No stealing third with a runner already on third. If this occurs and a throw is made to third, the play is dead and the runners return. If the pitched ball is hit, play continues.

- C. A runner may not steal home. She may advance home if an attempt is made at 3rd to pick her off and she started the at bat on third base. A runner that start's the at bat on second base may advance only as far as third base, even if there is a throw to third base which rolls into the outfield she may not go home.
- D. On a batted ball, the base runners may advance on overthrown balls at her own risk until the ball is returned to the pitcher and they have possession in the circle. Once possession in circle, the runner gets the base they are going to if no play is made. If a play is made, the runner may continue until the ball is returned to the circle.
