Apple Watch Bootcamp

Length: 1-day Class

When: Monday, August 10 (12:30-3:30pm)

Max: 12 Students.

Taught by: Laura Jesberg.

Pre-Req: *You must bring a fully charged iPhone and Apple Watch to class.*

Description: The “wrist revolution” starts NOW. In just ONE high-energy session, we’ll unlock secret gestures and apps that will make your friends jealous, master notifications, and teach you how to find your iPhone with your Watch! No nonsense. Not overwhelming. Just you, your Apple Watch, and a room full of “*WHOA, it does THAT?*” ah-ha moments. Spots fill quickly—leave this class confident and connected.

Excel Essentials

Length: 1-day

When: Monday, August 10 (9:00am-12:00pm)

Max: 12 Students

Taught by: Laura Jesberg

Pre-Req: *Proficiency using a Windows computer.*

Description: Tired of trying to organize lists, tracking your spending, or crunching numbers on paper? Are you ready to master one of the most useful computer skills in the modern world? Join our engaging and patient Intro to Microsoft Excel class specifically designed for seniors! We'll transform you from an Excel beginner into a confident user, ready to use this powerful tool to work for you. Stop being intimidated by Excel and start utilizing its power!

Genealogy Detective

Length: 1-day Class

Max: 12 Students

When: Thursday, September 17 (9:00am-12:00pm)

Description for Genealogy Detective: Unleash your inner Sherlock and crack the ultimate cold case - your family's hidden history! In this class you will master the art of sleuthing through dusty archives, decoding cryptic census records, and unmasking long-lost ancestors with digital wizardry. No magnifying glass required ... just curiosity, coffee, and a knack for connecting the dots across centuries. Enroll now and turn "*Who do you think you are?*" Into "*I know exactly who I am!*" Dig into your roots - it's history with a twist.

Google Drive Demystified!

Length: 1-day Class

When: Thursday, August 20 (12:30-3:30pm)

Max: 12 Students

Taught by: Laura Jesberg

Pre-Req: *Feel free to bring your own tablet or laptop to use in class, or you can use the computer lab computers.*

Description: Feeling overwhelmed by scattered files, lost documents, and complicated sharing? Are you ready to centralize your digital life and access everything, everywhere? Let's conquer the Google Cloud and experience our essential Introduction to Google Drive class! You will learn how to use this FREE, powerful tool to organize, store, and share your most important files securely in the Cloud. "Drive Smarter, Not Harder!"

Google Apps Made Easy

Length: 1-day

When: Wednesday, September 16 (12:30-3:30pm)

Max: 12 Students

Taught by: Roger Jones and Laura Jesberg

Pre-Req: *Must have attended the Google Drive Demystified class or already have a clear understanding of Google Drive.*

Description: Curious about Google Apps but not sure where to start? This friendly, no-pressure class is designed just for seniors who want to feel more confident using Google's free answers to Word, Excel and Powerpoint. You'll learn how to create simple documents, organize info into

spreadsheets and build fun, shareable presentations—all at a comfortable pace with plenty of guidance.

Google Photos Masterclass

Length: 1-day Class

When: Monday, September 14 (12:30-3:30pm)

Max: 12 Students

Taught by: Roger Jones

Pre-Req: *Please bring a fully charged phone, tablet, or computer to class, with Google Photos loaded. Google Photos is native on Android and an extra app on iPhones. Also, bring your Google/Gmail login and password.*

Description: Learn how to use the photo editing tools built into Google Photos. That includes cropping, using filters, adding graphics, and sharing the results by viewing and downloading to a computer.

iPad Adventures

Length: 1-day Class

When: Tuesday, September 15, 2026 (9:00am-12:00pm)

Max: 6 Students

Taught by: Pearl Dill

Pre-Req: *Bring your iPad, fully charged*

Description: Dive into the magic of your iPad with our fun hands-on Basic iPad Skills class – perfect for beginners ready to unlock a world of possibilities! Learn to swipe, tap, and gesture like a pro, organize apps into tidy folders, capture stunning photos, and scribble notes with Apple Pencil flair. Discover how to surf the web, send emails, video-chat with family, and stream your favorite shows in clear glory. In just one session, you will transform from a curious newbie to a confident iPad maestro armed with simple tricks that make everyday tasks faster, easier, and way more enjoyable.

iPhone Power

Length: Two separate classes (1-day each)

When: Class 1: Monday, August 17 (9:00am-12:00pm)

Class 2: Monday, August 31 (9:00am-12:00pm)

Max: 10 Students

Taught by: Beverly Savage

Pre-Req: *iPhone 10 or newer*

Description: Unlock Pro Tricks. Transform your iPhone from “basic to brilliant!” Master hidden features, shortcuts and, and pro tips. Learn how to

use iCloud to keep your photos, files, and memories in sync across all your Apple devices. Explore the next generation of Artificial Intelligence (AI) that personalizes your experience, from photo organization to smart suggestions that simplify your day. Please bring your iPhone fully charged.

Shutterfly Memories

Length: 2-day Class

When: T/TH August 11 (9:00am-12:00pm) & August 13 (12:30pm-3:30pm)

Max: 12 Students

Taught by: Laura Jesberg

Pre-Req: *Download the Shutterfly app from the Google or Apple store before you come to class.*

Description (Shutterfly Memories): Are your favorite photos stuck on your phone or computer? Let's turn those memories into masterpieces with Shutterfly, composing those precious moments into beautiful, tangible keepsakes you can share and treasure. Join our 2-session, fun, hands-on intro to Shutterfly class! Shutterfly makes it simple to create personalized photo products, and we'll show you exactly how to navigate the website and use all its best features. From stunning photo books to custom calendars, mugs, puzzles, prints and cards, you'll start creating lasting heirlooms.

Tech Trouble? You Got Questions? We Got Answers!

Length: One session

When: Tuesday, September 15 (12:30-3:30pm)

Max: 20 Students

Taught by: All Instructors

Pre-Req: *If you have a device issue, you must bring the device to the workshop.*

Description for Tech Trouble?: Is your computer slow? Is your Wi-Fi spotty? Is a printer *still* trying to ruin your day? Don't spend hours "on hold with tech support" or frustrating yourself with confusing forums! Bring your stubborn gadgets and software snags to our 3-Hour Tech Problems Workshop! This is a hands-on, open session where you bring *your* specific, annoying tech concerns ... from phone settings to email problems to PC headaches ... and our expert group of instructors will work with you to tackle them!
