

Tree Sharing Program Information

Thank you for participating in the City of Grapevine Tree Sharing Program! Please allow up to two weeks after your initial purchase to receive confirmation from either the City of Grapevine or Perfect Finish Landscaping.

Once an email confirmation is received, please pick up stakes at **501 Shady Brook Drive, Grapevine, TX**. Stakes will be located outside the front entrance.

After you receive confirmation, the following steps will take place:

- **Utility Marking:** Approximately one week before your scheduled planting, Perfect Finish Landscaping will submit a request to Texas811 to have the utilities in your yard marked. This important step helps ensure that underground utility lines are identified before your tree is planted.
- **Place Your Stakes:** Once your utilities have been marked, place the stakes in the ground where you would like your tree to be planted. Trees must be planted in a location that is visible from a public roadway and may not be located behind fences, structures, or other obstructions.
- **Planting Day:** Please make sure the planting crew has access to your yard on the scheduled planting day. You do not need to be home for the tree to be planted.
